A strap dispenser is a handy tool for strapping a pallet or large load. With the help of this dispenser, a roll of plastic or steel strap can be unrolled efficiently. The QPWK-C2 has a large storage compartment in which the matching strapping device can be stored. So you always have everything at hand!

Advantages

- Strapping material and tools always at hand
- Rubber wheels
- Suitable for steel and plastic strapping
- Large, robust and stable
- Ergonomic, can be moved with one hand
- Large storage compartment
- Strap brake system
