TAPING

The tape dispenser ULIMAGIC is a compact electrical automatic tape dispenser, suitable for all types of self-adhesive tape. The tape dispenser detects the packaging dimensions and automatically dispenses the correct tape length. The machine is ideal for faster parcel processing and there is less tape waste due to accurate length determination. The ULIMAGIC is ideally suited for closing large volumes of varying dimensions.

Easy to use

The ULIMAGIC has a touch display, with which the device can be operated. The desired length can be set, the ULIMAGIC can store up to 5 lengths. In addition, the device can determine the length of the tape itself by placing the package between the sensors. The tape is dispensed by using the foot pedal.

Advantages

- Suitable for self-adhesive tape
- Automatic detection of packaging dimensions
- For large numbers of packages, with varying dimensions
- Lengths adjustable via display
- Delivery speed 15 meters / min.
- Robust metal construction
